

## THE TERRITORIAL GOOD ROADS CONVENTION

George A. Fleming, Chairman of Committee On Arrangements, Working Up Enthusiasm--The Program of Convention.

George A. Fleming, chairman of the committee on arrangements for the Territorial Good Roads convention, to be held at Las Vegas, Sept. 26-27, has written the following letter to the business manager of The Evening Citizen, which also applies to other delegates appointed to represent Albuquerque at the convention:

Las Vegas, N. M., Sept. 22.

W. T. McCright, Business Manager, Citizen, Albuquerque:

Dear Sir--In connection with your appointment as delegate to the Territorial Good Roads convention, we beg to hand you herewith copy of program which has been prepared for its various sessions.

We are counting on your attendance, without fail, and we feel sure that the importance of the subject will warrant you in taking the time to meet with us.

If you have not already secured accommodation for your stay here it would be well to advise us at once, so that we can have the proper committee make arrangements for you.

Look over the program and come "loaded to the guards" for open discussion.

Yours respectfully,

Committee of Arrangements,  
GEO. A. FLEMING,  
Chairman.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry.

### TERRITORIAL TOPICS

#### CONSIGNMENT OF TROUT FOR NEW MEXICO STREAMS.

Territorial Fish and Game Warden Page B. Otero left Santa Fe Tuesday morning, via the Santa Fe, for Glorieta, where he will remain until the arrival of 200,000 trout, which have been shipped from Leadville by the superintendent of the Bureau of Fisheries, Department of Commerce and Labor. The fish are expected to arrive within a few days, and will at once be placed in the various streams and lakes for which they were intended.

#### OLD TIME SCENE WILL BE VIVIDLY REPRODUCED.

The spectacular representation of the hold up of a stage coach occupied by Judge Stephen E. Booth and a beautiful young lady will be a thrilling scene at the Northern New Mexico Fair in Las Vegas next week. The coach will be attacked by Indians and the passengers, after a brave fight, will be rescued by U. S. soldiers, a troop of the New Mexico National Guard and a company of New Mexico mounted police. The scene will be enacted a stirring happening on the old Santa Fe trail near Wagon Mound in 49.

#### INDIAN SCHOOL SEEN BY DESTROYING FLAMES.

The fire at the Indian school last Monday night afforded Santa Fe people an opportunity to view the school by night. The flames were so extended that the grounds were lighted up like day. The heavens were brightly illuminated, and the reflection of the light from the burning building could be seen on a number of houses near the Santa Fe station. One noticeable feature in regard to this fire was the lack of flying sparks. Everything was in a blaze and the absence of any wind whatever kept the sparks down.

#### BECAUSE OF CLIMATE CHANGED HIS RESIDENCE.

C. F. Dezerdorf, wife and three children, John Frederick and Lucile, are registered at the Palace, and will make Santa Fe their future home. Mr. Dezerdorf held the position of chief law examiner at the general land office from 1894 to 1899, when he was made assistant attorney to the assistant attorney general of the Department of the Interior. He filled this position until 1902, when he returned to his former duties as chief law examiner, and has been in the office until a few weeks ago, when he decided to make a climatic change.

#### LAS CRUCES SCHOOLS THAT WILLETS COULDN'T SEE.

The new school building at Las Cruces was occupied last Monday, with the following teachers: W. O. Evans, principal; Miss Fannie Ford, Miss Lottie Sweet, Miss Fannie French, Miss Rowena Mott, Miss Brownlee, Miss Beth Foster, and Mrs. Woodson. A splendid lot of teachers and a city in the United States. Gillson Willets, or whatever his name is, could not see this fine structure (our new public school) while here, nor could he see the Territorial Agricultural College and School of Mechanical Arts, nor could he see the Convention of the Sisters of Loretto, nor the state new building they are erecting.

#### TRUE OF MANY PLACES BESIDES SANTA FE VALLEY

C. L. Carter of Portales, Roosevelt county, who has been in the city for two weeks copying field notes and plats of public surveys in his county, returned home this noon via the Santa Fe Central. Although he was very busy, he enjoyed his visit here greatly, and is very favorably impressed with Santa Fe's fine climate and attractions. He says that if Santa Fe people could see the farming lands in his section they would come to the conclusion that the Santa Fe valley could easily be made one of the best farming and horticultural sections in the country. In the agricultural and horticultural lines, people here have a "snap," while in Roosevelt county farmers have to work hard to procure water and raise crops. But they do. If half the work done by farmers in Roosevelt county were put upon the fine lands in the Santa Fe valley, the section would be very prosperous and increase in population right along.

#### Numerous and Worthless.

Everything is in the name when it comes to Witch Hazel Salve. E. C. De Witt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases De Witt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for De Witt's--the genuine. Sold by all druggists.
